

NEUROSURGERY

BASIC SETS OF NEUROSURGICAL INSTRUMENTS

PRESENTED BY THE WORLD FEDERATION
OF NEUROSURGICAL SOCIETIES (WFNS) AND AESCULAP

PRESENTED BY THE
WORLD FEDERATION OF NEUROSURGICAL SOCIETIES (WFNS)
AND AESCULAP

"The idea to design a Basic Set of Neurosurgical Instruments originated because of the observations we made of the extremely difficult conditions under which neurosurgeons of the world's poorest countries have to work. One of the most prominent problems is the lack of appropriate neurosurgical instruments. Furthermore, these countries suffer from a shortage of specialized neurosurgeons who can train other surgeons and residents to optimize the treatment and thereby also the outcome for neurosurgical patients.

With this Basic Set of Neurosurgical Instruments, WFNS, together with Aesculap, has initiated a worldwide project. It provides an attractive platform for sponsoring adequate neurosurgical instruments in countries that are in great need of such equipment.

This set of instruments can be used for the most common neurosurgical procedures. Along with the Basic Set of Neurosurgical Instruments we also provide basic neurosurgical training for general surgeons who must render such services in developing countries. It is also our intention to help neurosurgeons improve the standards of neurosurgical procedures in hospitals of poor countries.

We hope to find numerous sponsors who will purchase this Basic Set of Neurosurgical Instruments and thereby support physicians in developing countries who are devoted to neurosurgery and to helping their patients.

I am extremely grateful to both, Bernhard L. Bauer, M.D., former Professor of Neurosurgery at Philipps-University in Marburg, Germany, and Aesculap, for helping me to realize this project."

Prof. Dr. Madjid Samii
Honorary President of the WFNS Foundation
Honorary President of the WFNS

„The WFNS Foundation has developed a Programme to help neurosurgeons who work in places where the lack of resources makes it difficult or even impossible to perform surgery for complex brain or spinal cord pathologies.

Until now the provision of a Surgical Microscope and/or a Basic Set of Neurosurgical Instruments of high quality and at very low cost, solved the problem of many of our colleagues and of course patients in developing countries around the world. Now, thanks once more to the collaboration with Aesculap, it is possible to include all essential instruments and devices in the list of WFNS Basic Sets of Neurosurgical Instruments, which are necessary to perform cranial and spinal neurosurgery in a correct way".

Prof. Dr. Miguel A. Arraez
Chairman of WFNS Coordinator Activities Committee

HANDLING OF ORDER, PAYMENT AND DELIVERY

- 1) The applicant sends his/her application to Mrs Teresa Chen, Office Manager, WFNS Central Office, by mentioning the sponsor's and consignee's addresses. The Director will then forward the Criteria to be fulfilled and a Questionnaire to be filled in, dated and signed and returned to the Central Office, together with a letter of support from the President of the Society of which the applicant is a member. The full application will then be reviewed by the Director, the President of the Foundation and the Second Vice-President of WFNS concerned.
- 2) If officially approved, then the WFNS Director passes the addresses on to Aesculap AG, to the attention of Marketing Neurosurgery.
- 3) WFNS requests the applicant/sponsor to transfer the total amount of the cost of the Set(s), by bank-to-bank transfer to the following address:

World Federation of Neurosurgical Societies - Foundation
Foundation Account (USD) 1790579-12-4 (Clearing No: 4835)
IBAN No. CH90 0483 5179 0579 1200 4
Swift Code: CRESCHZZ80A, Credit Suisse SA

SHARING EXPERTISE

Aesculap Neurosurgery
www.aesculap-neuro.com

www.wfns.org

Product-No.	Article
XG216	WFNS Cranial Set
XG217	WFNS Spinal Set
XG219	WFNS High-Speed Drill Set
XG601	WFNS Bipol. Coag. Set

WFNS will charge 10%, nonrefundable, of the prices listed to cover administrative costs. For prices of the optional WFNS Micro Lumbar Discectomy System please contact:
neuro@aesculap.info

The applicant/sponsor should inform his/her bank that any transfer fees should be charged to their account and not to that of the WFNS. A check can also be sent, made payable to: **World Federation of Neurosurgical Societies** and mailed to Mrs Teresa Chen
Office Manager, WFNS Central Office
5 rue du Marché, 1260 Nyon, Switzerland
e-mail: teresachen@wfns.org

- 4) As soon as the amount is credited to the account, delivery will be made to the consignee on CIP basis.

WFNS CRANIAL SET - TRAY 1

		No.	
1	FRAZIER Dura Retractor	15	HEGAR Needle Holder
2	Director	16	YASARGIL Spring Hook
3	Catheter for Rubber Ball	17	DANDY Delicate Forceps
4	OLIVECRONA Wire Saw	18	HALSTED-MOSQUITO Forceps
5	Hook Handle for Wire Saw	19	MAYO-HEGAR Needle Holder
6	TOENNIS-ADSON Scissors	20	DAVIS Vascular Spatula
7	Nerve Scissors	21	Brain Spatula
8	FERGUSSON Suction Cannula	22	DEMARTEL Conductor
9	FERGUSSON Suction Cannula	23	GERALD Tissue Forceps
10	Surgical Scissor	24	Standard Tissue Forceps
11	Scalpel Handle	25	Tissue Forceps
12	Scalpel Handle	26	YASARGIL Tumor Forceps
13	Haemostatic Scalp Clips	27	MINI-ALIF Forceps
14	Baby Crile Forceps	28	GRUENWALD Forceps

WFNS CRANIAL SET - TRAY 2

1	Laboratory Dish
2	Kidney Tray
3	YASARGIL LEYLA Retracting System
4	VOLKMANN Retractor
5	KERRISON Bone Punch
6	WEITLANER Retractor
7	LANGENBECK Elevator
8	Gross Forceps
9	HUDSON Drill Brace
10	POLITZER Air Douche
11	MEAD Bone Rongeur
12	CUSHING Flat Drill
13	Twist Drill

WFNS SPINAL SET - TRAY 1

No.	Content
1	SIMON Bone Curette
2	DAUBENSPECK Bone Curette
3	TOENNIS-ADSON Scissors
4	Surgical Scissor
5	Standard Tissue Forceps
6	Tissue Forceps
7	Scalpel Handle
8	Scalpel Handle
9	Dissector
10	Prospace Retractor
11	MAYO-HEGAR Needle Holder
12	GRUENWALD Forceps
13	CASPAR Exploration Hook
14	FERGUSSON Suction Cannula

No.	Content
15	FERGUSSON Suction Cannula
16	CASPAR Rongeur
17	CASPAR Rongeur
18	Gross Forceps
19	HEGAR Needle Holder

WFNS BIPOLAR COAGULATION SET

No.	Content	Total Length	175 mm	195 mm	235 mm	255 mm
1	Bipolar Electrosurgical Unit with Main and Equipotential bonding cable	0.4 mm				
2	Single-pedal foot switch, plastic housing	0.7 mm				
3	Tray with YASARGIL bipolar forceps and connecting cables	1.0 mm				
		1.3 mm				

WFNS DRILL SET

No.	Content
1	ELAN EC Motor
2	Micro Flexible Cable
3	Micro Line Drill Hand piece
4	Micro Line Craniotome
5	Micro Line angled Hand piece
	Different burrs:
7	Rosen Burr 
8	Diamond Burr 
9	Barrel Burr 

WFNS SPINAL SET - TRAY 2

No.	
1	HARVEY JACKSON Retractor
2	ECHLIN Bone Rongeur
3	CASPAR Retractor
4	KERRISON Bone Punch
5	KERRISON Bone Punch
6	LANGENBECK Rib Raspatory
7	ROETTGEN-RUSKIN Bone Rongeur
8	Kidney Tray
9	Laboratory Dish

The Basic Instrument Sets are stored in Aesculap Containers equipped with Trays, Silicon Cushioning Pads and TEFLON Permanent Container Filters.

Optional WFNS Micro Lumbar Discectomy System

No.	
1	Counter-Retractor, with ball snap closure, surface black-coated
2	Specula surface black-coated
3	Blade, lateral, with ball snap closure, surface black-coated
