# CONTROVERSIES IN NEUROTRAUMATOLOGY

20-22.10.2016.

Master centar, Novi Sad, Serbia

## Welcome addresses

Dear colleagues and friends,

It is my privilege, honour and pleasure to invite you to take part in the exciting journey of discovery at the **Second Annual Meeting of the Serbian Neurosurgical Society** conjoined with the **21<sup>st</sup> Congress of Euroacademia Multidisciplinaria Neurotraumatologica**, the **5<sup>th</sup> Danube Carpathian Region Congress and Joint Meeting with Southeast European Neurosurgical Society**, to be held in **Novi Sad, Serbia, October 20-22, 2016**.

Leaning upon the strong foundations of tradition and experience and following contemporary professional accomplishments, trends and innovations, all of us strive for neurosurgery and neuroscience without frontiers and aim at building bridges of knowledge and understanding across disciplines, institutions, individuals and generations.

In pursuit of enhancing knowledge, sharing and support through borderless cooperation, this unique interdisciplinary event focuses on one all-important and everlasting theme – **CONTROVERSIES IN NEUROTRAUMATOLOGY** – with the aim of bringing our fields of expertise closer in a true scholarly dialogue for the advancement of humanity within constant medical care for all our patients, particularly with head, spinal and peripheral nerve injuries starting at the site of the accident up to reintegration of patients into the society and their occupation following successful rehabilitation.

We are delighted to announce as the keynote speakers and faculties distinguished experts of all aspects in the field of neurotraumatology worldwide. The academic programme will be centred around the following thematic strands from basic considerations and research up to rehabilitation and quality of life:

- **Craniocerebral injuries**
- **Spinal injuries**
- **Peripheral nerve injuries**

Continuing the good practice established at The First Annual Meeting of the Serbian Neurosurgical Society held in Belgrade in 2015, we are pleased to announce the annual **Serbian Neurosurgical Society Best Young Neurosurgeon Paper Award** for 2016, this time with international participation. Eligible for the award are scientific papers by young neurosurgeons from Serbia and abroad (up to 40 years of age). The papers submitted for the award will be presented by their authors and assessed by a jury of national and international experts. The award is Full Participation in WFNS Congress Istanbul 2017.

We are also pleased to announce Young Neurosurgeons' Forum as a special segment of the academic programme of the Congress.

Remaining dedicated to our long-term aim of building bridges of knowledge and understanding across disciplines, institutions, individuals and generations, always keeping in mind that the essence of our profession is above all the well-being of every individual patient, we look forward to further scientific, professional, academic, educational and social networking and exchange of expertise, experience and ideas.

You are welcome in Novi Sad, exciting city, with rich tradition and turbulent history, well known as midpoint of cultures and religions, multinational, multicultural and multiconfessional city with notable influence in science, culture and art of Southeast Europe. We are convinced that each of you will have memorable scientific and social moments in Novi Sad.

# Call for abstracts

You are kindly invited to submit your abstract for the event **Controversies in Neurotraumatology**, either for oral or poster presentation.

The abstract should be submitted by **1<sup>st</sup> June 2016** as on-line submission. All abstracts will be reviewed. Accepted abstracts will be published in the Abstract Book. Carefully read the guidelines stated here before submitting your abstract. Acknowledgement of receipt of your submission will be returned to your e-mail address immediately upon submission. If you do not receive our e-mail, your submission was not completed and your abstract needs to be resubmitted. Please note, that acknowledgement of receipt of your abstract submission does not mean that your abstract is accepted by the Scientific Committee.

**On-line abstract submission:** The abstracts should be sent on e-mail [\*djuladjilvesi@gmail.com\*](mailto:djuladjilvesi@gmail.com)

## Submission Guidelines

1. Authors presenting abstracts must enregister immediately after hearing their abstract has been accepted.
2. Abstracts must be submitted in English.
3. Titles should be entered in the "Title Field" (not as part of the abstract) and should contain no more than 20 words or 80 characters including spaces.
4. Abstract text should be entered in the "Abstract Text Field" and should contain no more than 300 words. The system will not allow you to enter more than 300 words. Single space all text. Do not leave blank lines. Use standard abbreviations. Place a special or unusual abbreviation in parenthesis after the full word when it appears for the first time.
5. Any tables, graphs or diagrams should be e-mailed together with the abstract to: [\*djuladjilvesi@gmail.com\*](mailto:djuladjilvesi@gmail.com). Please add "Abstract Novi Sad 2016" to the subject line of your email!
6. Authors' names and institutions should be entered in the appropriate fields. The following data is needed for the "Institution Field" - Name of the Institution, Department, City and Country.
7. Please avoid references. However, if references are used they should be included in the text as: (Authors, journal, year, volume, pages).
8. Abstracts must be written in comprehensible English and must conform to the guidelines or they will not be accepted.
9. It is the author's responsibility to submit a correct abstract. Any errors in spelling, grammar, or scientific fact will be reproduced as typed by the author. Changes to abstract can only be accepted until the deadline.

### Notification of Acceptance

Notification of acceptance / rejection will be e-mailed in the end of June. (contact Congress Secretary if you have not received your notification e-mail by the 1<sup>st</sup> of July). The corresponding author will receive any correspondence concerning the abstract.
