

## 1st Congress for Ethics and Neurosurgery

---

Neurosurgical practice involves ethics of life and death, meaning and quality of life, duties and rights of professionals and patients, fairness and distribution. It also deals with innovation and research ethics. This meeting is intended to start regular professional communication and development of the field and to utilize the unique challenges of ethics to develop professional attitudes and leadership.

**Registration Fee before Febr. 25:**

SLS Members SEK 2 000, Non-members SEK 2 500. After Febr 25: SEK 3 000.
