

Join us for the 4th International Rhoton Society Meeting!

This event is all about exploring the crucial role of Microneuroanatomy in Microneurosurgery enhancing our patients' safety—a topic close to our hearts. We're not just discussing the science; we're celebrating the legacy of Dr. Albert L. Rhoton Jr and Dr. Evandro de Oliveira who've shaped the field.

Your presence would add immense value to the gathering. It's a fantastic opportunity to connect with fellow anatomy enthusiasts, share insights, and pay tribute to the pioneers who've paved the way.

Experience Taipei's cultural fusion of tradition and modernity.

Indulge in diverse culinary delights, from street food to Michelin-starred cuisine

Enjoy the democratic, sophisticated, safe, affordable and welcoming atmosphere of Taipei.
