Itahari, Nepal

Message from the President

Dear Friends,

The theme for the Nepalese society of Neurosurgeons 11th National Conference is “ Evolution of Neurosurgery With Technology ”. In the present day of Artificial Intelligence and computer dependent world, neurosurgical services have evolved together to encompass technological advancements that would be like science fiction few decades ago.

This year we will be having the national conference in Eastern Nepal for the first time.

Some of the highlights of the meeting include and not limited to are,

- Pre-Conference workshop
- National and international faculties
- Registration with admission to scientific program, opening and closing ceremony, gala event, souvenir kit, stall visits etc
- Plenary sessions that include all sub-specialties in neurosurgery
- Allied sessions for Nursing, Physiotherapy, and other subjects
- Local tours and travels to religious, adventure seeking, nature trails, waterfall, zip line, rafting
- Cultural events and other social activities
- Pharmaceutical, medical and other stall displays

Many other activities are planned and will be updated accordingly.

We look forward to see you for the meeting in Biratnagar-Itahari, Nepal in November 2024.

Sincerely Yours

Dr. Yam Bahadur Roka

President
