Dr Mehmet Zileli Advanced Spine Surgery Course

November 20-22, 2026 / Swiss Hotel Grand Efes, Izmir, Türkiye

Website: www.spinalkurs.org/en

Objectives:

This year, we are pleased to organize the 18th "Advanced Spinal Course" and the 25th spinal course in İzmir. Our first course was conducted in 1997. This course, which has been held for more than a quarter of a century (29 years), will take place on November 20–22, 2026, at Swissotel Büyük Efes, one of the most centrally located hotels in İzmir.

The aim of our course is to bring together specialists who wish to further refine their skills and enhance their experience in spinal surgery. As in previous years, we do not impose a strict limit on the number of participants. In addition, senior residents who have completed their fourth year of training are also accepted to the course and are offered discounted registration fees.

In celebration of our 25th year, we will have special surprise events. As every year, we look forward to meeting again in İzmir and extend our sincere regards and best wishes.

Prof. Dr. Mehmet Zileli, Moderator
