

MANS
2ND CONGRESS

Mediterranean
Association
of Neurological
Surgeons

NAPLES, (ITALY)
JUNE 19-20, 2018
HOTEL ROYAL CONTINENTAL

WELCOME

We have the great pleasure and honor to announce the Second Congress of the Mediterranean Association of Neurological Surgeons (MANS), to be held in Naples (Italy) on June 19-20, 2018.

The first congress was held in Algeria in 2016, under the chairmanship of Prof. Mohamed Djennas, and after the successful first edition, we are extremely delighted to propose the organization of the second congress in Italy. The MANS Congress is intended as a big opportunity to let Neurosurgeons coming from the main Mediterranean European, North African and Middle Eastern countries meet together.

We are confident that the Congress will be attended by almost 250 participants coming from Southern Europe, North-Africa and Middle East.

The scientific program is going to be defined according to the following main topics: Spine, Pediatrics, Vascular, Functional, Skull Base, Radiosurgery, Women in neurosurgery. We are trying to arrange a Simulation Course Session, open to all participants, to enhance the role of this innovation in educational activities. We are providing grants to encourage the attendance of young neurosurgeons.

We will ask the patronage of WFNS (World Federation of Neurosurgical Societies), CAANS, (Continental Association of African Neurosurgical Societies), SINch (Italian Society of Neurosurgery), EANS (European Association of Neurosurgical Societies), SeENS (South Eastern Europe Neurosurgical Society).

Even more interesting is the opportunity to participate at two international events, MANS and ICRAN in order to join a whole international neurosurgical week in Naples from 19 to 22 June, 2018.

Don't miss the opportunity to attend MANS 2018 Congress in Naples to get in touch with colleagues and friends coming from Mediterranean countries.

We hope that you will enjoy the beautiful and historic city of Naples and its ancient culture.

Francesco Tomasello
MANS 2018 Congress President
Honorary President of WFNS

Souad Bakhti
MANS President

MANS PRESIDENT
