Global Neuro

# Global Neuro Symposium— Neurotrauma

April 26, 2019  
Luzhou, China

FREE

## Goal of the course

This symposium covers the theoretical basis and practical principles for managing neurotrauma, addressing complications, and performing state-of-the-art reconstructive surgery.

## Course objectives

Upon completion of this symposium, participants should be able to:

- Apply current classification systems and guidelines in neurotrauma
- Manage neurotrauma and skull base fractures in adult, pediatric, and polytrauma patients
- Conduct advanced neuromonitoring
- Plan appropriate operative treatment (eg, decompressive craniotomy, complex cranial reconstruction)

## Course venue

Juyang International Hotel  
No. 27 Shulu Avenue  
Longmatan District  
646000 Luzhou  
China
