

8th Congress of the Ukrainian Association of Neurosurgeons

September 9–12, 2025

Dear Colleagues and Esteemed Guests,

Welcome to the official website of the **VIII Congress of the Ukrainian Association of Neurosurgeons**. This important event will take place in Kyiv, our resilient capital, which remains a beacon of science and a symbol of courage amidst the ongoing challenges of war.

This Congress is particularly significant. Held during a time when our daily work in medicine—and neurosurgery in particular—transcends the bounds of profession and steps into the realm of mission. It is a mission dedicated to saving lives under circumstances that continually test our resilience, professionalism, and humanity.

Our goal for this Congress is to unite our efforts, share experiences, and discover new solutions. We aim to demonstrate to the world that Ukrainian neurosurgery not only perseveres but also thrives, meeting contemporary demands with innovation and strength. This event sends a resounding message to the global neurosurgical community: we continue to work, study, and fight, driven by a belief in victory—both scientific and national.

I extend my heartfelt thanks to everyone involved in organizing this Congress, our international partners for their solidarity and support, and each of you for your unwavering commitment and inspiration to continue your work under such challenging conditions. Together, we prove that knowledge, professionalism, and compassion transcend boundaries and remain fearless.

Together, we are stronger. I look forward to welcoming you to Kyiv, a city that, like our community, stands steadfast.

Sincerely,
Oleksandr Voznyak
President of the Ukrainian Association of Neurosurgeons
