

WORLD FEDERATION OF NEUROSURGICAL SOCIETIES

Basant Misra
Chairman- WFNS Foundation

Date : 14th June 2023

To,

Professor Nasser El-Ghandour
Department of Neurosurgery
Cairo University, Egypt.

Re: Acceptance of Department of Neurosurgery of Cairo University
as a WFNS Foundation Reference Full Program Training Centre.

Dear Prof. Nasser El-Ghandour,

I am happy to inform you that WFNS Foundation Executive Board in its meeting on the June 9, 2023 has decided to accept Department of Neurosurgery of Cairo University as a WFNS Foundation Reference Full Program Training Center under your Directorship. As has been discussed with you and your offer;

- 1) The Foundation will support one young neurosurgeon from Sudan per year to be trained in your department for full training. Thank you for offer of 90% discount on tuition fees for Sudan's candidate
- 2) The WFNS Foundation is also pleased to allot one candidate from Sierra Leone to undergo full training in your department at Cairo University. We have been informed that Cairo University has waived off tuition fees for the candidate of Sierra Leone. Thank you.

Congratulation and thank you for supporting Young Neurosurgeons from Africa in their training. Each young neurosurgeon will be paid US\$ 6000 per year as is the standard at other full program training centers.

Looking forward to a mutual cooperation.

Kind regards,

Dr B K Misra
Chairman – WFNS Foundation.
